SUMMARY

I am an enthusiastic and dedicated front-end developer with a strong foundation in HTML, CSS, and JavaScript, complemented by hands-on experience with React. I recently completed a B.E.ECE at S.A.Engineering college, where I developed a passion for creating visually appealing and user-friendly web applications. My academic projects, including developing a dynamic e-commerce site and a responsive portfolio website, have honed my skills in building intuitive interfaces and writing clean, maintainable code.

PROJECT EXPERIENCE

•PERSONAL PORTFOLIO WEBSITE

•Using frontend technology

- Using HTML – 5, creating semantic tags for my web page.
- Using CSS – 3, design a responsive website and mind-blowing interfaces.
- Using Javascript, I build a more and more interactive pages

•JAVASCRIPT PROJECTS

•javaScript – JS

- To interact and understand the basic concepts I build a JS related projects
- Weather site.
- Rock, paper, scissors game.
- Dice Roller game.
